A. On covering punts also. Swan has filled an important part in the team game, going in at end when Smith was called back from the line position to kick. This department of gridiron tactics has been one of the beauties of the Academy game, Swan and Gebrath, the opposite end, rarely failing to drop their man in his tracks or allowing him only the minimum number of sleps before he was downed.

CEDARS VS. HEAVYWEIGHTS. Fast Game Scheduled for Thanksgiving Morning.

The game scheduled for Thanksglv-ing morning on the Shetucket campus between the Cedars of New London and the Heavyweights of Greeneville is expected to draw a large crowd of spectators, as this game is a playoff between the two teams, the last game having resulted in a tie score—5 to 5. naving resulted in a tie score—5 to 5.
Coach McIntyre has a few new plays up his sleeve that will astonish the boys from the city by the see.

The game is to be called at 10 a. m. and from the minute the whistle blows for the ovening of play until the finish the Heavyweights will be on their toes in an endeavor to keep up their reputation of five games won, one lost and one tied, a record that will make the independents at and up and take notice. The Heavyweights will line up as follows: Grady is, Purnie it, Henderson ig, Corey c, D. Quinn and Kendall rg. P. Quinn rt. Sweeney re, Cummings rhb, Johnson fb, Super lbb, Gadie qb.

to attend from Occum, Baltic, Taft-ville and this city. Thursday evening Collins will box Abe the Newspoy in Willimantic.

FINAL GAME OF SEASON.

Championship of Norwigh to Be Settled Between Independents and the Heavyweights.

The last Independents and the star Heavyweights will line up Sunday on the Crapberry for their final game of the season for the championship of Norwich. A battle royal is looked for as these two elevens played a tie game the first part of the season and now both feel confident of a victory. With the fast independent lineup Manager Larkle feels confident of carrying of the honors. The Heavyweights will be streightened with new material for this game and the sports can rely upon a good contest. The lineups of these two rival teams will be announced friday and then just look them over.

FINAL GAME IN

Second Half.

On the restart the home team fought like demons to equalize, but Patterson and Clayton were playing a great game at full back, and just in the nick of time either one or the other would clear and save their goal, when a score secend sure. Pariseau, the inside left for Taftwille, got possession when only a few yards from goal and put in a hard shot, which Captain Smith easily steered around the post, putting the ball out of play.

During the exciting scrimmage which followed, in which Smith showed admirable pluck in trying to save his goal, the ball rolled through, tying the score. The visitors efforts to score again were at last rewarded. Sheppard putting in a lovely shot, which completely beat Waring, the home custodian, thus giving Sterling one goal ahead. Another goal was added afterwards.

FINAL GAME IN

CHAMPIONSHIP SERIES. Sterling Played Taftville to a Standstill-Score 3 to 1.

The Sterling and Taftville football teams met on the Providence street grounds on Saturday last to decide the final game for the Sterling cup, which was played before a large crowd of spectators, and was the hardest contested game witnessed in this part of the state.

Notes of the Game.

Security: -225,000.000 feet of Merchaptable Standing, Tidewater, Timber 90 per cent. Codar meting the bond Issue less than \$1.30 per thousand feet of Timber. The Directorate of the Company, made up of Connecticut business men, well known throughout the State.

The immediate management and direction of the Company's affairs is in the hands of Everett J. Lake, of Martford, General Manager of the Company. At present prices for Cedar logs, by selling its timber as logs, the Company can realise a

than 250 per cent, of its bond leaue. Manufacturing its timber into lumber and marketing it as such (which is the Company's plant, should insure (in addition to returns sufficient for the retirement of bond and operating expenses) liberal returns on the Company's stock

As far as is practicable, the Company will delay operations and manufacturing and seiling its timber until the opening of the Panama Canal, now assured for December, 1913, which should reduce present freight rates on lumber (\$21 to \$26 per thousand feet) at least fifty per cent., and make the markets of the Eastern part of the United States and of Europe more accessible and much more profitable.

The above 225,000,000 feet of Merchantable Standing Timber-approximately 10,000 acres is divided as follows: Red Cedar 60 per cent., Yellow Cedar 30 per cent., other Merchantable Timber 10 per cent.

In addition to the foregoing, there is a large amount of Red Cedar and Yellow Cedar suitable for talegraph, telephone and electric lighting poles, piles, etc., approximately 500,000 railroad ties, and a large amount of faiten feet and Yellow Cedar trees. All the foregoing is on tidewater, giving the Company the adventage of water transportation, and adding substantially to the value of the property.

Attention is invited to the following statements regarding this particular timber, taken from reports of Timber Cruisers, Forest Engineers and Timber and Lumber Men familiar with conditions, copies of which will be furnished upon request:-

"We are now and for the past twelve months have been operating on timber, from our limits on Gilford Island, B. C. We regard Yellow Cedar as the most valuable cedar on the Pacific Coast."

"This property is by far the best tract of Cedar I have ever seen or cruised in this section of the country, during over four years' constant cruising, and including much of the Sest timber. "The proportion of Yellow Codar to the whole is unusually large and the grade and quality is exceptionally

high. Much of the Yellow Cedar which I saw is from 12 to 18 feet and over in circumference, and the large trees will scale ten thousand feet and over per tree." A. J.
